Headache	16%

Patterns worth discussing with a doctor

- **PCOS / hormonal pattern** (5/8)

Tests doctors commonly consider

- Hormone panel (LH, FSH, testosterone, prolactin)
- TSH (thyroid)
- Pelvic ultrasound
- Fasting glucose / insulin

Questions to ask your doctor

- Could my irregular cycles point to PCOS?
- Which tests should I get, and on which day of my cycle?
- How can lifestyle changes or treatment help my symptoms?

This is not a diagnosis. It highlights patterns to discuss with a qualified doctor.
